

STONE CATALOGUE #4

AN EXCITING AND ELEGANT COLLECTION OF THE STONE EFFECT TILES, WITH EXQUISITE STYLE. OUR TILES ARE A PRACTICAL AND COST-EFFECTIVE ALTERNATIVE TO NATURAL STONE AND ARE HANDMADE IN THE UK OR SOURCED FROM ARTISAN SUPPLIERS INTERNATIONALLY.

03a.

White illumina e scalda, accoglie e amplia la percezione dello spazio. Finiture superficiali e mosaici rispondono a ogni esigenza pratica ed estetica: dal pavimento della doccia (in versione Rough) al rivestimento in mosaico Break, ideale compendio delle mille sfumature di questa pietra ceramica.

White illuminates and warms, welcoming and expanding the perception of space. Surface finishes and mosaics satisfy every practical and aesthetic need: from the shower floor (in the Rough version) to the Break mosaic covering, a perfect compendium of this ceramic stone's thousand different shades.

La finitura Worn simula l'azione del tempo sulla pietra, quando l'uso ne ammorbidisce la superficie, su cui la luce scorre leggera. Il rivestimento 30x60 rivela la ricchezza della texture minerale creata dalla fusione di molteplici esemplari naturali.

The Worn finish simulates the effect of time on stone, when use softens its surface, on which light gently streams. The 30x60 covering reveals the rich mineral texture created by the fusion of multiple natural forms of stone.

Calda e mossa, Desert è una pietra ceramica dal temperamento vivace che non si rifà ad alcun esemplare naturale. Dona a ogni ambiente un grande senso di naturalità, una vibrazione che infonde benessere, particolarmente intensa quando la scelta cade sui grandi formati del gres laminato Slimtech.

Warm and rugged, Desert is a ceramic stone with a lively personality that conforms to no natural specimen. It gives every room an intensely natural feeling instilling a sense of well-being, which is most evident when using Slimtech large-format laminated stoneware.

Calda e mossa, Desert è una pietra ceramica dal temperamento vivace. Pur non riproducendo alcuna pietra esistente in natura, dona a ogni ambiente un'intensa sensazione di naturalità, una vibrazione che infonde benessere. La grafica articolata di Desert veste un'architettura dalle strutture rustiche e dal rigore nordico. Il pavimento multiformato in gres porcellanato, col ritmico cambio di direzione del formato 60x120, esalta il movimento delle nuvolature e dei salti di tono di questa calda pietra ceramica.

Warm and textured, Desert is a ceramic stone with a lively character. Although it does not reproduce a type of stone that exists in nature, it gives every room an intensely natural feeling, instilling a sense of well-being. Desert's articulated graphic design covers a rustic structure with Nordic precision. The multi-size floor, featuring the rhythmic change of direction of the 60x120 format, enhances the movement of this warm ceramic stone's cloud effects and colour jumps.

Il sofisticato impasto cromatico e il fascino quasi primordiale di Earth ne fanno una pietra ceramica scenografica, qualcosa di totalmente unico, soprattutto in versione Slimtech. La profondità, la definizione e il numero delle texture grafiche messe a punto compongono superfici che emulano l'accostamento di lastre di pietra naturale.

The sophisticated colour mix and the primordial charm of Earth make it an impressive ceramic stone, especially in the Slimtech version: something totally unique which, for this very reason, is suitable for striking combinations with many other ceramic coverings. The depth, definition and number of graphic textures developed form surfaces that emulate the juxtaposition of natural stone slabs.

Una spa affacciata sulle Alpi, dagli spazi ampi e rarefatti che i numerosi toni neutri di Gray, percorsi da venature limpide, fondono con lo scenografico contesto. Inassorbente e resistente a funghi e muffe, il gres porcellanato è pratico e facile da igienizzare, ideale per questo ambiente dedicato al benessere. La finitura Rough, disponibile sugli spessori 9,5 e 20 mm, ha elevate proprietà antiscivolo che la rendono perfetta per il bordo piscina.

A spa overlooking the Alps featuring large and rarefied spaces which the many neutral shades of Gray, crossed by clear veins, blend with the scenic context. Non-absorbent and resistant to fungi and mould, porcelain stoneware is practical and easy to sanitise, making it ideal for this wellness environment. The Rough finish, available in both thicknesses (9.5 and 20 mm), has high non-slip properties that make it perfect for the poolside.

Equilibrio cromatico e perfetto bilanciamento di grana lapidea e di venature: Gray è una pietra ceramica pura ed essenziale. In finitura Worn la superficie appare tornita e disseminata di piccoli solchi e di fini incisioni che non ne compromettono l'assoluta pulibilità.

Colour harmony and a perfect balance of stone grain and veins: Gray is a pure and essential ceramic stone. In the Worn finish, the surface appears turned and covered with small grooves and fine engravings that do not compromise the total ease with which it can be cleaned.

Dal living al terrazzo, dal rivestimento della doccia al bordo piscina col medesimo look pietra semplicemente adeguando spessore e finitura al contesto di utilizzo. Articolato in tre tecnologie ceramiche, Anthology è un corredo completo di soluzioni per l'interior e l'outdoor design in grado di massimizzare il potenziale estetico del progetto abitativo.

From the living room to the terrace, from the shower cladding to the pool edge, maintain the same stone look and simply adapt the thickness and finish to the context of use. Available in three ceramic solutions, Anthology offers a complete range of surfaces for both indoor and outdoor design, capable of unravelling the full aesthetic potential of any residential project.

Per le qualità tecniche e la facilità di manutenzione, il gres porcellanato è ideale anche per spazi pubblici e contesti commerciali, ai quali Dark conferisce un'eleganza preziosa e sofisticata. Tanto a pavimento quanto a rivestimento le numerose facce disponibili per il formato 60x120 creano pose che emulano l'accostamento di lastre di vera pietra.

Due to its technical qualities and ease of maintenance, porcelain stoneware is also ideal for public spaces and commercial contexts, to which Dark lends a refined and sophisticated elegance. Both on the floor and the wall, the numerous surfaces available for the 60x120 size create layouts that emulate the juxtaposition of real stone slabs.

Nextone propone una pietra ceramica unica e originale, per scenari che le estese superfici rese possibili dalle lastre di Slimtech imprimono nella memoria. È quello che accade in questo concept store, dall'audace contrasto tra la forza quasi ancestrale dell'effetto pietra e il ricercato design di arredi e complementi.

Nextone offers unique and original ceramic stone for settings which the extensive surfaces, made possible by Slimtech slabs, imprint on your memory. This is what happens in this concept store, which features bold contrast between the almost ancestral strength of the stone effect and the sophisticated design of the furnishings and accessories.

Nextone conquista le pavimentazioni degli spazi esterni grazie alle eccezionali performance della gamma L2 in 20 mm di spessore. Resistenza e durevolezza in un affascinante effetto pietra: un must in ogni contesto outdoor.

Disponibile in due formati Nextone L2 può essere posata a secco su erba, ghiaia e sistemi sopraelevati; oppure incollata su massetto nelle aree carrabili. Una soluzione completa per dare agli spazi esterni un originale effetto pietra: intensamente naturale, resistente, antiscivolo e inalterabile nel tempo.

Nextone conquers the flooring of outdoor spaces thanks to the 20mm thick L2 range which guarantees great technical characteristics. Resistance and durability with a fascinating stone effect, a must for outdoor settings.

Available in two formats, Nextone L2 can be laid dry on grass, gravel and raised systems; or glued on screed in driveway areas. A complete solution to give outdoor spaces an original stone effect: intensely natural, resistant, non-slip and durable.

Hidden Light 120x120

Side Stone

Nella versione Hidden, la tipica texture del Ceppo di Gré traspare appena in superficie, mista a una fine puntinatura. Ispirata alla pietra appena estratta, esprime un'eleganza estremamente versatile. Altro importante fattore della straordinaria versatilità di Side Stone è la nuova superficie Safetouch, idonea per pavimenti sia interni che esterni perché sicura e al tempo stesso piacevole al tatto.

In the Hidden version, the typical texture of Ceppo of Gré is just perceptible on the surface, mixed with a fine dotting. Inspired by freshly extracted stone, it expresses an extremely versatile elegance. Another important factor in the extraordinary versatility of Side Stone is the new Safetouch surface, suitable for both indoor and outdoor floors, because it is safe and at the same time, pleasant to the touch.

Side Stone è una collezione 3-Tech Project: l'integrazione di gres porcellanato, gres laminato Slimtech e gres spessorato L2 in un'unica collezione dà all'intero progetto abitativo la massima coerenza estetica. Combinare spessori, colori e varianti grafiche, permette di rivestire dal giardino alla cucina a isola coniugando design, performance e - con l'eccezione del gres porcellanato outdoor - la sicurezza di superfici antibatteriche.

Side Stone is a 3-Tech Project collection: the integration of porcelain stoneware, Slimtech laminated stoneware and L2 thick stoneware in a single collection gives the entire housing design maximum aesthetic coherence. Combining thicknesses, colours and graphic variations makes it possible to cover spaces from the garden to the kitchen by combining design, performance and - with the exception of outdoor porcelain stoneware - the safety of antibacterial surfaces.

03d.

Profondo ed elegante, Dark Flow è il colore che meglio interpreta lo spirito di questa collezione ispirata all'ardesia. Una pietra ceramica di assoluto realismo, stratificata e armonica, percorsa da suggestioni minerali attinte da pregiate quarziti brasiliane; in versione lappata si fa morbida al tatto e guadagna una pacata lucentezza.

Profound and elegant, Dark Flow is the colour which best interprets the spirit of this collection inspired by slate. A supremely realistic ceramic stone, stratified, harmonious and brimming with mineral suggestions drawn from refined Brazilian quartzites; in the honed version it is soft to the touch and characterised by a subtle shine.

Basket - Gramma 66 sx Dark Flow, Gramma 16 dx Silver Flow

Come le altre composizioni a moduli sfusi, Basket combina parallelogrammi di misure e colori diversi, in contrasto più o meno marcato tra loro. L'intreccio che si viene a creare fonde movimenti opposti tra loro, in un decoro dalle proporzioni scenografiche che seduce lo sguardo.

As with the other unpackaged modules, Basket combines parallelograms of different sizes and colours which are more or less contrasting. The resulting weave incorporates opposite movements, in a decoration of scenographic proportions which captivates the gaze.

Prodotto anche in tecnologia L2, Waterfall prevede soluzioni in 2 cm di spessore progettate per il design degli spazi outdoor. L'apposita superficie antiscivolo dei tre formati disponibili (fino al 90x90 cm) esalta il carattere minerale della collezione, rinsaldando l'antico legame tra architettura e contesto naturale.

L2 resiste al gelo e agli sbalzi termici, preserva materia e colore inalterati nel tempo e consente una perfetta coerenza estetica tra ambienti interni e spazi esterni.

Also produced in L2 technology, Waterfall is available in 2 cm thick solutions, designed for outdoor areas. The special anti-slip surface of all three available formats (up to 90x90 cm) exalts the collection's mineral character, reinforcing the ancient bond between architecture and natural surroundings.

L2 is resistant against the cold and temperature changes; it preserves material and colour which remain unaltered over time, and enables perfect aesthetic coherence between interiors and outdoor spaces.
