Cement Vibes

Ispirata al cemento e alle sue differenti tonalità cromatiche, la collezione Cement Vibes reinterpreta una materia che esiste da sempre. Le due declinazioni Solid e Resin vengono mostrate con tutti i loro dettagli e caratteristiche: l'anima più strutturale, solida, vibrante e l'anima più fluida, più minimal, contemporanea del cemento.

Inspired by concrete and its different chromatic shades, the Cement Vibes collection reinterprets a material that has always existed. The two variations, Solid and Resin, are shown with all their details and characteristics: the more structural, vibrant essence, and the more fluid, contemporary aspect of concrete.

Inspiriert vom Beton und seinen verschiedenen Farbtönen, interpretiert die Kollektion Cement Vibes ein Material, das schon immer existiert, neu. Die beiden Ausführungen Solid und Resin werden mit all ihren Details und Eigenschaften gezeigt: die strukturellere, festere, lebendigere Seele und die flüssigere, minimalistischere, zeitgenössische Seele des Betons.

Inspirée par le béton et ses différentes nuances chromatiques, la collection Cement Vibes réinterprète une matière qui existe depuis toujours. Les deux déclinaisons Solid et Resin sont montrées avec tous leurs détails et caractéristiques : l'âme plus structurelle, solide et vibrante, et l'âme plus fluide, plus minimaliste et contemporaine du béton.

Glitch

Designed by Benoy

Glitch è una gamma di piastrelle in grès porcellanato sviluppata da Piemme in collaborazione con uno dei maggiori studi di design a livello internazionale: Benoy. Glitch si propone di valorizzare le caratteristiche disomogenee presenti nel calcestruzzo e tutte quelle piccole imperfezioni che caratterizzano questa superficie, come crepe, patine, graffi ed i segni lasciati nel tempo dagli agenti atmosferici.

Glitch is a range of porcelain stoneware tiles developed by Piemme in partnership with one of the biggest international design studios: Benoy. Glitch brings out and highlights the heterogeneous nature of concrete, and all those little imperfections characteristic of this surface, such as cracks, patinas, scratches and weathering.

Glitch ist eine Fliesenserie aus Feinsteinzeug, die Piemme in Kooperation mit dem namhaften Designbüro Benoy entwickelte. Glitch bringt die Betonoberfläche in ihrer Unvollkommenheit, samt all ihren kleinen Makeln wie Risse, Ablagerungen, Kratzer und Verwitterungserscheinungen.

Glitch est une collection de carreaux en grès cérame imaginée par Piemme en collaboration avec l'un des plus prestigieux bureaux de design sur la scène internationale : Benoy. Glitch veut mettre en valeur les hétérogénéités du béton, ainsi que toutes les petites imperfections distinctives de cette surface, comme les craquements, les patines, les rayures et les signes que les agents atmosphériques laissent au fil du temps.

Suprema

La ricerca stilistica per la collezione Suprema trae ispirazione dall'estetica del cemento rasato impiegato nel design d'interni di impronta moderna. Suprema, con le sue molteplici sfumature e le leggere imperfezioni che la rendono unica, è la superficie in gres porcellanato ideale per garantire comfort e resistenza in ambienti residenziali e commerciali dallo stile sobrio ed al passo con i tempi.

The Suprema collection's distinctive style is inspired by the smoothed concrete used in modern interior design. With its unique multiple variations in shade and subtle flaws, Suprema is the ideal porcelain stoneware surface for providing convenient, hard-wearing coverings in residential and commercial locations with tasteful yet contemporary design schemes.

Der Stil der Kollektion Suprema orientiert sich an der Optik von geglättetem Beton, der das moderne Interior-Design prägt. Das Feinsteinzeug Suprema ist aufgrund seiner mannigfaltigen Nuancen und feinen Unregelmäßigkeiten die ideale Lösung für komfortable, strapazierfähige Beläge im privaten und gewerblichen Bereich, die auf schlichte, zeitgemäße Optik setzen.

Pour la collection Suprema, la recherche stylistique puise son inspiration dans l'esthétique du béton lissé appliqué dans les intérieurs modernes. Avec ses innombrables dégradés et ses légères imperfections qui en font une chose unique, Suprema est la surface en grès cérame idéale pour garantir confort et résistance dans les cadres résidentiels et commerciaux affichant un style sobre et actuel.

Concrete

Lo studio di design per la collezione Concrete trae ispirazione dalla lavorazione del cemento rasato per superfici industriali. Concrete è una superficie dal mood minimale ed allo stesso tempo profondo e ricercato.

The design study for the Concrete collection takes its inspiration from the working of smoothed concrete for industrial surfaces. Concrete is a surface with a minimal and at the same time deep and elegant mood.

Die Designstudie für die Kollektion Concrete ist an der Optik glattgeputzten Betons für Industrieflächen inspiriert. Concrete erzeugt eine minimalistisch und zugleich intensiv und edel wirkende Oberfläche.

Pour la collection Concrete, le design s'inspire du béton ciré utilisé pour la réalisation des surfaces industrielles. Concrete est une surface à l'aspect à la fois essentiel, profond et raffiné.
